OPTION TO SWITCH OVER TO M.Sc.-Ph.D. INTEGRATED PROGRAMME

- (i) Interested students may give an option for switching over to the M.Sc.-Ph.D. Integrated Programme towards the end of the second year of the M.Sc. programme after qualifying in all the subjects and completing all the requirements for the award of M.Sc. degree, including submission of dissertation and qualifying in the Viva-Voce examination.
- (ii) The assessment of the suitability of such students to M.Sc.-Ph.D. Integrated Programme would be decided as per the norms prescribed by BOS based upon :
- a) Marks obtained in the coursework.
 - b) A written test towards the end of the second year. This may be in any appropriate form as decided by the BOS of NBRC. The candidates may also be requested to submit an SOP on any of the Research Topic he / she may be interested in pursuing Ph.D.
 - c) An interview which could also include presentation on dissertation, in which a duly constituted 5 Member Committee with at least one External Member would assess the final suitability of the student for the switch over from M.Sc. (Neuroscience) to M.Sc. – Ph.D. Integrated (Neuroscience) Programme.

Such students, who switch over under this option, would be governed by the existing Regulations of M.Sc.-Ph.D. Integrated (Neuroscience) programme for their remaining period of the programme.
